

PARKS DIVISION

2022 ISLANDS CAMPING REGULATIONS

***** Island Camping is subject to the Ontario COVID response framework *****

The Islands are especially sensitive to damage because they are rocky, small in area and have a more severe climate than the mainland. You can contribute to the protection of the islands by complying with the following regulations:

1. Your Islands campsite accommodates up to six people or a single-family unit consisting of parents and their children. **A maximum of two tents is permitted (i.e. sleeping + dining)**. Children are each camper's responsibility. Mooring for one boat is included in the campsite fee. Your boat must be approved and registered with the City as some docks may be inappropriate for larger boats. **Island mooring fees are applicable for all other vessels.**
2. Visitors are welcome subject to payment in full of mooring fees, which can be booked and paid online at <https://letscamp.ca/camps/cob-islands-mooring>. Visitors must vacate the campsite by 10:00 PM. Quiet time is from 11:00 PM. - 7:00 AM. Registered campers are responsible for the actions of their guests. Visitors are required to remove all their possessions from the islands upon their departure.
3. Campfires are permitted in designated areas only. However, should a fire ban occur, no campfires are permitted. Bring your own firewood. Do not collect downed trees, limbs, brush, etc. Do not burn downed material. This decaying matter plays an important role in the healthy development of the island forest, providing cover and food for insects, small animals and birds. Please leave them where they fall.
4. Campers are not permitted to damage park property.
5. Pets are welcome but must be on a leash at all times. Owners are completely responsible for their pet's conduct. Please clean up after your pet.
6. Alcohol is only permitted on each campsite. For the safety of your family and others, please use only plastic or metal containers as broken glass is a problem due to the rockiness of the Islands.
7. If a seasonal camper is unhappy with his/her site during the course of the season and no longer wishes to use it, the campsite must be returned to the City. A pro-rated refund of 50% will be remitted to the camper for any cancellation received prior to July 1, 2022.
8. The City of Brockville Islands are classified as public lands and, as such, individuals utilizing these lands are subject to all applicable municipal, provincial and federal legislation. In addition, all City of Brockville by-laws are enforced under the Provincial Offences Act and any violations will result in the immediate issuance of fines and, in some cases, the termination of campsite privileges without refund.
9. Please ensure your campsite is vacated and left clean by ensuring that all waste is removed on or before September 12, 2022. **Do not** leave any unwanted items such as barbecues, garbage, etc. for the City to dispose of – this is your responsibility.

Leave no trace...
