You can support a number of local businesses through FanSaves Helps on the "Brockville Shop Local" page: <https://bit.ly/2RXTs6Y>

#HERE4BROCKVILLE

community **STRONG**

Our community is one of the most giving communities out there, and always steps up when there is a need, as we saw during the recent Community Strong Food Drive.

In addition to members of the public who are donating and volunteering, and our many community organizations who are supporting those in need during this public health crisis, our business community has also stepped up to donate PPE, food, and financial support to the sectors in need.

We would like to thank all of the individuals, organizations, and businesses who are stepping up to support our community through this public health crisis.

We love hearing stories about how our community is coming together to support each other during these trying times. If you have a good news story you would like to share, or know of a local business that is going above and beyond to help our citizens, please let us know!
