BOAT/VESSEL

Licence # _____ Boat Name _____

Type of water vessel

Power (excl. pontoon) Sail *indicate if motor <10 hp*

Pontoon Personal Watercraft Draft _____

Size of vessel

Length overall _____ Beam _____

The City of Brockville measures length overall from bow to stern including swim platform and all attachments (anchor, bowsprit, outboard motor, etc.) This may not be how the manufacturer measures. We recommend physically measuring your boat.

MOORING

When would you like a slip? _____

eg. current year May 1 → Oct 15, next year, etc.

The boating season runs from May 1 → October 15. Seasonal contracts are for one boating season. Existing boaters in good standing will be offered a slip the following year. The City of Brockville reserves the right to re-assign slips from year-to-year, at its sole discretion.

Your name will be placed on the appropriate waiting list according to size (see Boat Slip Allocation Procedure) and you will be contacted when a slip becomes available. All new boats to harbour are measured to ensure compliance with length & width restrictions. Names on the waiting list will roll over from year to year.
