Examples of election sign interference include:

Voter Information

Q. When will Voter Information Letters be delivered?

A. Voter Information Letters arrived at Canada Post in Brockville on Tuesday, October 6 and have been being delivered to Brockville residents this week. If voters do not receive a letter by October 14, they should contact the Voter Helpline 613-342-8772 X 4444 or elections@brockville.com to ensure they are on the list and arrange to collect a new VIL, if necessary.

Q. Are Voters able to access the electronic voting system from outside of Canada?

A. Yes, Intelivote, the electronic election service provider has confirmed that voters are able to access the telephone and Internet system and cast their vote from any country.

Q. I have heard that some Voters have received Voter Information Letters from previous tenants, owners or for their adult children who have moved away. What should I advise them to do?

A. In these instances, please inform the Voters that they should return the mail to City Hall by dropping it off or sending back via mail as return to sender. If there is a need to remove a voter from the list, an EL15 is required to be completed by the person to be removed. If a removal is needed due to death, an applicant may submit an EL16 and provide a death certificate to remove the voter. This is the only instance whereby election staff will remove a voter from the list on the request of someone other than the voter.
